Course Description: Using a Modern Dance approach, Beginning Dance explores movement as a creative art form. Student learning includes opportunities to develop kinesthetic awareness, proper body alignment, physical strength, flexibility, endurance, and care of the dance instrument while exploring improvisational and expressive movement and basic modern dance technique. Dance elements and basic principles of composition are studied and practiced. Through dance ensemble work, students use creative and critical thinking skills to create and communicate meaning through dance movement. Students experience the role of both the choreographer and the dancer and have opportunities to present their work. Through the study of dance in various cultures and historical periods, students broaden their understanding of dance as an art form. Students will explore a variety of career opportunities in dance as well as connections with other art forms and subject areas. Students will create a portfolio, which contains written and visual examples of their work. Rehearsals and performances are required and will require some daytime, weekend, and/or evening participation.

Performance Policy: The objective of the Performance Policy is to provide a policy that will allow all members of dance a fair chance to perform at their maximum potential. In a performance group, having a consistent ensemble is necessary if each individual is to be able to perform at his/her best. The absence of even one member of an ensemble will change the performance structure. In order to reflect the importance of each individual fulfilling his/her responsibility to the performance group, the following policy will be observed at Fayetteville Terry Sanford High School. Positive participation in all performances is required. Students who miss due to an illness or other excused absence will be given a makeup opportunity to be determined by the teacher, however, understand that prior notification of a performance absence is required. Any student that misses a performance without a written and accepted excuse will receive a **maximum** grade of a **60** for that grading period. Factors such as class participation, test, and other grades for the grading period will determine if a 60 or lower will be given.

Audience Etiquette: Only when the audience unites with the performing artists can the fusion between them develop the bonding necessary to allow the performance to reach its maximum potential. Therefore, all audiences should adhere to these six basic guidelines:

1. **Dress for the occasion.** Attending a live performance is a special occasion. Dress up to celebrate.
2. **Be prompt.** Give yourself plenty of time to arrive, be seated, and review the program before the performance begins. You will not be seated once the performance has begun.
3. **Be considerate.** Do not cough, whisper, unwrap gum or candy, or leave an electronic device on during a performance. Please remove small children who are interrupting the performance immediately. Also, remember to leave the theatre out of necessity and if you do, please do it during intermission.
4. **Respect property.** Do not eat or drink in the facility, always clean up your trash, and never put your feet on the back of the seat ahead of you.
5. **Reward talent.** Always applaud at the end of the performance to show your appreciation. Never shout, yell, whistle, or make noises that are only appropriate at athletic events and never be openly critical of any performance or performer.
6. **Stay.** Stay and enjoy the entire performance. Do not leave once the performance has begun.
