

Math I Syllabus
Terry Sanford High School
Ms. New
Room 213

Welcome Students! I am very excited to be your Math teacher here at Fayetteville Terry Sanford High School. My goal for students is to gain every ounce of knowledge possible by providing them with the necessary tools to understand, appreciate, develop and grow as future leaders.

In Math I we will learn concepts of Algebra, Geometry, Statistics, Functions, and Operations.

Unit of Study

First Quarter:

Introduction to Types of Numbers

Solving Equations

Linear Functions

Second Quarter:

Systems of Inequalities and Equations

Monomials and Radicals

Exponential Functions

Third Quarter:

Polynomials

Quadratic Functions

Fourth Quarter:

Statistics

Geometry

Electronics:

Electronics are only permitted when deemed necessary to complete an assignment for class. Otherwise please have them placed away.

Expectations:

The expectations I have for my students are simple. Effort! Try your best to understand and learn the material I am providing you. If you are in need of extra assistance I am always here to help you. Remember your success is my success!

Materials:

2 Composition books (Can be found at Dollar Tree)

Contact:

Email: el'laxianew@ccs.k12.nc.us

Phone: 910-484-1151 Ext 213

Planning: 4th Period 2:00-3:30 (Available for Conferences - Via phone conferences are welcome)

I look forward to this semester!

Ms. El'Laxia New
