How to Choose Your Community Service Job

■ *Museum of the Cape Fear Historical Complex...*

Read the following choices very carefully. If you would like to fulfill any or all of your volunteer hours at the Museum of the Cape Fear, please call. If you would like to volunteer during the summer, you will be placed at the front desk receptionist position. Description: From Tuesday through Friday, front desk volunteers work either the 10:00-1:00 shift or the 1:00-5:00 shift. (With consideration for the student's ride, the student can leave at 4:00.) The front desk receptionist greets visitors, provides them with a brief orientation, and runs the cash register when visitors purchase souvenirs in the gift shop. Training is provided the first day of work and takes about 15 minutes.

If you plan on fulfilling your volunteer hours during the school year, please choose from among the following events:

1. *Festival of Yesteryear, September 12, 2015.* The program lasts from 10-5; however, there is a set up and break down before and after the event. Students will be assigned to helping at children's activities, information booth, and/or passing out visitor surveys. Students are welcome to work all day or just a few hours, depending on your schedule. Your exact schedule may be mutually decided upon at the initial appointment.
2. *Halloween Revels, October 16&17, October 23&24, and October 31.* This event includes night tours of the Poe House and our daytime Trick or Treat program. For the night tours, students will staff the evaluation table and pass out candy. The times are 6:30-9/9:30. For the daytime Trick or Treat program, students will run carnival games between the hours of 9:00 and 5:00.
3. *Holiday Jubilee, December 6 from 1:00-5:00.* Students are needed to staff the evaluation table and help at the refreshment table. Some students may be asked to fulfill the role of a room docent if they are comfortable doing so. A student is assigned a room in the Poe House where she or he will be stationed for a minimum of two hours. Room docents talk with visitors as they enter the room. Students are provided a hand-out, which they must read on their own to familiarize themselves with the information about that room.

Finally, if you are the outdoors type, there is plenty of yard work and upkeep available. Volunteers will sweep walkways, rake, edge walkways, etc. Chores are available indoor work as well: sweep steps, vacuum, clean glass doors, dry dust museum exhibits, and other housekeeping as needed. Note: If you call at the last minute in need of your hours, the only thing available will be indoor and outdoor chores.

Local Community Agencies...

Read through the entire booklet. Mark the jobs that seem to interest you. Talk with your parents. You are responsible for providing your own transportation, so you must select something that will work with your family schedule.

Make your selection for the job where you would like to work. Choose the time of year which works best with your schedule. (Example: If you play soccer in the fall, you would have more time in the summer or winter to complete your volunteer hours.)

Keep in mind that students who take Foundations of Knowledge during the fall semester must complete their volunteer hours and turn in the required paper before the end of the semester in January,

It is your responsibility to contact the agency for information regarding any required orientation and for scheduling your work.

Once you have been placed with an agency, YOU MAY NOT CHANGE!

Failure to meet your community service obligations will impact your good standing in the Global Studies Program.

Independent Service Project...
